The order of the examination of "Human Anatomy" during distant education

- The examination is conducted in test form on the educational portal of Kazan State Medical University
- Time to complete the examination - 60 minutes
- Number of questions – 60
- After the specified time has expired, the test will close automatically and the current result will be saved
- Questions for preparing for the examination are present on distance in the section "Anatomy test" (https://e.kazangmu.ru/course/view.php?id=1523)
- The date and time of the examination will be posted on the website of the Kazan State Medical University in the section "Dean's Office of Foreign Students". In case of impossibility of passing on the specified day, the student notifies the dean.
- On the day of the examination, the student enters the distance course corresponding to his/her specialty 15 minutes before the examination, after which he/she waits for the exam to begin

Notes:

1. In case if student is in a different time zone, on the basis of a personal application with explanation of reasons, the student is given the opportunity to pass the examination at another time, which must be agreed with the teacher and the dean’s office.
2. In the event of a medical reason student can on the basis of a personal application and medical documents state his/her case to dean’s office and apply for the right to take an examination on a reserve day.
3. In case if student does not log in and pass examination, the teacher records the student’s failure to appear for a good reason. Student will pass examination on additional session.
